A team's event score shall be their finishing place relative to other eligible teams. The University of Hawaii shall be exempt from this process provided they place in the top 10 school at the Fall Pacific Coast Championship and attend the St. Francis Invite or South Designate.

18.   PCCSC Team Racing Championship – Carter Ford Trophy

1.   If the event is held the same weekend as the Coed Conference Championship ~~Championship~~ the fleet size shall be limited to ~~seven~~ eight (8) berths. The top seven finishers from the California State Team Racing Championship shall advance to the PCCSC Team Racing Championship. If the University of Hawaii chooses to sail the California State Team Racing Championship the top eight finishers shall advance to the PCCSC Team Racing Championship.

Not sure what to do here. What is our back up if championship can't be sailed? We do not have the CA state TR anymore. I would suggest we should create a TR league in the conference and lean back on the league results.

Team Race League: **To Start in Spring 2019**

Purpose of the league: To provide a structure and opportunity that fits a team's schedule. Providing more opportunity for teams, especially teams without coaches, will provide more opportunity for teams to sail against established teams with coaches and learn. The league would have a few events where the coaches, either team coaches or hired outside coaches would provide a debrief.

The key points of the league:

1.   2 tiers of events one with full umpires and has the top teams in the conference. Tier 2 would spread the top teams with developing teams in the league to create more learning opportunity, this tier would have regatta wide debriefs.
2.   The Executive VP's will seed the league based on pervious fleet and team race results and use the seeding to assign league events. The schedulers will work with teams to make sure the assigned regattas work with the school's academic schedule.
3.   The league results would determine the top 8 teams to compete in the PCCSC Team Race Conference championship.

Team Race League Schedule:

Development Tier Regattas: These are the regattas where teams are put into regattas to spread the wealth and have coaching during a daily debrief. Umpires would be helpful here but not mandatory.

Gaucho Team Race: @ UCSB late Jan/Early Feb – 6 Team Regatta
Cal Team Race: @ Cal middle of February – 6 Team Regatta
Stanford Team Race: @ Stanford Middle of March – 6 Team Regatta

Championship Tier: These are seeded regattas that seed the top 4-6 Teams against each other. Umpires are mandatory. Entry Fee 100.00 per team to help with umpire costs.

McIntyre TR: @ Stanford Late February/Early March – 6 Team Regatta from PCCSC 2 Invites
South Team Race: @ south school- UCSB, USC, or SDYC First weekend of April – 8 Team Regatta

League scoring:

Very simple 1 point for first, 2 points for 2nd etc… low point scoring system.
